Forrester's circus will be in Sunbury on April 29th.

There will be a total eclipse of the sun on the 17th of May.

Choice cabbage and lettuce plants for sale at J. Garrison's, 5th street.

Quite a large drove of mules passed through town on Wednesday last.

The new Lutheran church at Milton was dedicated on Sunday, the 24th of March.

Anna Dickinson will be at Wilkes Barre during this month, and will appear as "Hamlet."

A few more such days as Sunday and Monday will bring forth the buds and blossoms.

Sunday was a perfect April day. It opened with a thunder shower which was followed by warm sunshine.

Well counterfeited five dollar gold pieces are in circulation. If you get a handful of gold coins, see that they are genuine before putting them into your pocket.

Reports of proceedings of local institutes in Pine and Centre townships, have been omitted this week for want of space; will publish them next week.

The finest Tailoring Establishment in town is N. S. Tingle's, in rooms over the Columbia Office, where he is prepared to do all kinds of work in his line.

There has been some delay in getting the rails for the N. & W. R. railroad. But they are now being shipped to Shickleyville from Scranton, and work has commenced at track laying.

A new weekly Democratic paper has been started at Watkinson. Farnet & Fisher are the proprietors and the former is Editor. The first number is good—topographically and editorially.

Post Office—Benjamin Kistler near Canby Post Office, Mt. Pleasant township, Columbia County, Pa., offers for sale 2 horses, the purchaser can have his choice for a month—31st-2 w.

It will not be safe for a month to come to change your heavy underclothing for lighter. You will probably need your overcoat many times before the May flowers bloom.

Mr. Wilson of Benton while passing a train in going through the bridge near that place, ran against the side and broke his wagon tongue. His team ran away and one horse was considerably injured.

All one armed and one legged soldiers in Columbia County who are interested in the proposed bill now before congress for an increase of pension will please communicate with G. V. Meers, Rupert, Pa., late Sergeant Co. A. 6th Regt. P. R. V. C.

The first Annual Reception of the Danville Eastern Assembly will be held in the Opera House at that place on Tuesday evening, April 11th. It will be one of the grandest affairs of the kind that has ever been given there.

Trouth fishing began last Saturday but, up to the present writing, the market has not been overstocked with fish. The sport is not what it used to be in Columbia County—it takes harder work to get smaller fish.

The Town Council will meet hereafter in their new room, second floor of the Columbia building. The books and furniture were placed in the room last Tuesday. The quarters formerly occupied by the Council in Brower's building, have been rented by Col. John G. Freese.

Since the general refusal by business men to accept pennal coins, they have mostly disappeared from circulation, and it has been a matter of wonder what became of them. Thousands of dollars are sent to the Treasury at Washington every week and there destroyed.

The variations in temperature of late have been more bewildering than ever. True Spring days, soft and balmy, have alternated with days in which heavy overcoats may be desirable. This sort of thing may be health-giving, but we cannot see how or why.

People will find it to their advantage to stop where you will find fine groceries, flour, tea, coffee, spices, butter and other choice goods, and molasses, foreign fruit. Goods delivered promptly free of expense. F. S. Kistner.

Successor to T. W. Coxwell.

The services at St. Paul's Episcopal church on Sunday, will be as follows: Morning Prayer at six o'clock, service at 10, beginning with the Litany, sermon and Holy Communion. The music will be best at the early service. In the evening the Sunday School will present its Easter offering.

Boring for a fall in Wyoming county has thus far proved a failure. If their operations had applied for information to the share holders of the Green Creek Petroleum company of this county, they perhaps would not have sunk their money in the ground. Oil stock in Columbia and Wyoming counties is of about equal value.

The comedy drama "Haze Kirke," was presented at the Opera House on Monday evening last with good effect. The principal characters were well sustained and the support throughout was much better than usually found in troupes on the road. The play itself is full of dramatic incidents and effective scenes and is certainly one of the best of its kind on the stage. Mr. John Jack as Haze Kirke, Miss Anna Boyle as Haze and Mr. P. D. Fisher as Pitts Green merit especial praise.

The New Road.—It is about settled that the Reading road will come to Sunbury. The road can be built by way of Sunbury \$200,000 cheaper than by the Danville route, and the proposition of the Reading people is, that if they can get the right of way via Sunbury at a nominal figure, they will construct the road. The people of Lewisburg give the right of way through town and also pay for the right of way from that place to West Milton, which will cost about \$6,000. Dr. Hook, of Winfield, will give the right of way through his farm and \$2,500. The people of Sunbury are asked to give the right of way through the town, and a meeting of Council has been called for this evening, when the matter will assume shape. —Northumberland Democrat.

**How the hearts of a crowd swell and throbs with pitiless hatred against the man who condescends to the performance at a theatre, when they know he is too stung to have twenty-five cents in a bottle of Dr. Bull's Cough Syrup.**  
Roster Sunday comes this year on the 9th of April. It fell on the same day in 1871. It will, therefore, fall on the 9th day again after the present year 1881; then again in 1890, 1893, 1894, 1895, &c. In 1880 it will fall on April 25, its latest possible date. This will be the first time it has occurred since the introduction of the new style in 1792. It will then not occur again on April 25 until after an interval of fifty-seven years, or in 1943; and then not again for one hundred and sixty-three years.

Mr. L. Gross has gone to New York and Philadelphia to lay in a full line of Gent's Young and Boys' clothing. Look for bargains.

The Providence Journal has the following account of old articles for which there are many purchasers:

The demand for eye stones has fallen off very largely, but the demand for still and sold in considerable quantities. The eye stone will clear the eye. There is no cure for the eye, but its movements are regulated by its shape and by the formation on the flat side or base of the stone, similar to a blade in a turbine wheel. The whole resembles a shell just before the cavity was formed, if shells were so formed, but are not. The stone is composed of limestone, and chert or iron acid by its action upon it causes motion. The stones are found in the sea shore on the Pacific coast. Sailors gather them by the quart and sell in trade centres. The price is ten cents.

Blood stones are also called for, not the kind known to sailors and stone cutters, but glass stones or beads of the color of blood, dark red. These are worn to prevent the stone, and chert or iron acid by its action upon it causes motion. The stones are found in the sea shore on the Pacific coast. Sailors gather them by the quart and sell in trade centres. The price is ten cents.

W. W. Sullist is about erecting a barn on his farm at Ashbury.

D. D. Evelyn is putting up a dwelling house.

Our winter schools closed on Friday last. Ashbury school was attended by a great many visitors during the last winter.

Simon Search's house was destroyed by fire last Thursday, the 29th ult. Mr. and Mrs. Search were away attending a sale. The children were left alone, and while baking in the cook stove, the pipe of which ran through the floor and roof, the roof caught fire. One of the small boys went up stairs, found the fire in flames, and immediately gave the alarm. The fire was extinguished quite a distance, the house was reduced to ashes. Scarcely any of the furniture was saved. There was no insurance on the building. They are now dependent upon the generosity of their neighbors.
